CTL CHROME 2-IN-1 COMPUTERS
Simple, Secure Affordability

Empower your workforce, teachers, or students with seamless desktop performance through this elegantly simple Chrome 2-in-1 solution.

CTL's Chrome 2-in-1 Computers pair a powerful CTL Chromebox with a CTL monitor to create a compact desktop computer ideal for offices, schools, labs, call centers, libraries, and other environments.

Performance Meets Practicality

Simplify with a streamlined solution
CTL Chrome 2-in-1 computers perform flawlessly out of the box, saving you time and hassle. The CTL Chrome 2-in-1 includes a Chromebox VESA-mounted to the back of a CTL monitor, a keyboard and mouse, and pre-installed cables.

Enjoy greater cybersecurity
ChromeOS delivers the industry's strongest security features, including automatic updates and sandboxing, to protect your devices and network against malware and viruses.
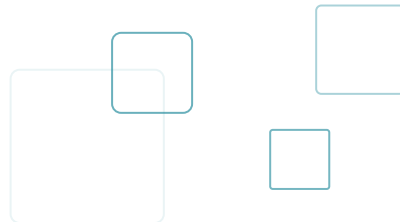

Manage easily
CTL Chrome 2-in-1 computers operate on ChromeOS and seamlessly integrate into your existing Google Workspace ecosystem for effortless management from your Google Admin console.

Be more productive
The CTL Chromebox CBx3 models power your 2-in-1 with an Intel® processor and up to 8GB of RAM and 256GB of storage. Enjoy fast boot times and smooth performance for everyday tasks such as web browsing, email, video calling, and productivity work.

Save your budget
CTL Chrome 2-in-1 computers are more budget-friendly than traditional Windows or macOS counterparts, delivering a compelling, cost-effective computing solution for your use case.

Craft your simple, affordable Chrome 2-in-1 computer with CTL's exceptional Chromebox, monitor, keyboard, and mouse.

CTL Chromebox
Small and compact, the CTL Chromebox boots up in a flash and synchronizes instantly with your existing ChromeOS services. Choose from the affordable CBx3 with the Intel Celeron 7305 processor or the powerful CBx3-7 with the Intel Core i-7-1355U processor.

CTL Monitor
Bring your content to life with crisp visuals, wide viewing angles, and brilliant colors. CTL monitors are thoughtfully engineered to meet your evolving needs. The compact, streamlined design ensures plenty of space for other desktop peripherals. Choose from LCD, LED and ADS models, 22", 24" or 27" screens, and FHD or QHD displays.

CTL ChromeOS Bluetooth Keyboard and Mouse
Both devices are Works With Chromebook certified and feature Bluetooth 5.3 technology to deliver instant performance and improve battery life The low-profile keys on the keyboard offer fluid and quiet typing, while the compact design ensures improved productivity without taking up too much desk space.
